7:30pm Meeting with DPW board to discuss Tree Work, Vehicle Maintenance and Road Side mowing.

Stelmach and Hamilton said that they were happy with the work and timing of the SMLD vehicle maintenance.

A general discussion was held with the reference to roadside mowing and under power lines cutting.

It was decided to try using an outside vender (L&P Custom Mowing of Rutland, MA) on an one week trail to mow at a cost of \$85.00/hr for a period of one week instead of buying the mower and using in house labor.

The cost will be split 50-50 with the DPW.

The SMLD left the meeting at 9:01 PM.
